## CENTER PLOT IN SQUARE TO BE STUDIED AGAIN

Gettysburg Borough Council Monday night appointed the health committee headed by Councilman James Strickhouser to work with a Chamber of Commerce committee and others on plans to beautify the center plot of Lincoln Square.

Mrs. Shirley Dessen, chairman of the civic affairs committee of the Chamber of Commerce, brought the question of landscaping of flowers and shrubs to council's attention and promised her committee will work with council on the matter. She told council that once plans are completed: "I think we can get a lot of help."

Approval was given by council for construction of shuffle board courts at the Recreation Field, as budgeted. The Recreation board was asked to get prices and authorized to go ahead with the work on the basis of the best bid.

## HEAR PROBLEMS

Willard C. Weikert and Richard Bigham protested to council the ordinance removing parking from the first block of Breckenridge St. One complaint by Weikert, that drivers are using the street as a race course, now that the parking has been removed, led council to direct placing of 25-mile-per-hour signs today. Weikert said a survey he made showed 67 children under age 15 riding in the block. He added: "We are afraid our children will be killed." Weikert and Bigham were asked to present in writing the facts they presented Monday night to council to permit the council to continue its study of traffic and parking problems there. Council President Philip M. Jones said: "We are trying to work out what will be best both for the town and the people on the street and we are going to continue the study until we get the best possible solution."

Both Weikert and Bigham rent properties on the street and said that unless the parking problem is solved their ability to rent may be curtailed. Bigham said that he could park his two cars behind his property but it left no place for the car or cars of the

## ROTARIANS HEAR TALK BY DR. RAILING

Because computers have an "amazing" ability to correlate information and because of a "great" increase in the data available, economists are now able "to make much more valid decisions on what needs to be done to maintain a high state of prosperity," Dr. William F. Railing, professor of economics at Gettysburg College, told the Rotary Club Monday evening at the YWCA.

Giving his "classification talk" as a member, Dr. Railing said that economists are now able to "give answers that would have been impossible 15 years ago."

Economics, he said, "is no more than the answer of how you are going to get the product made to the ultimate consumer. How to make the product from the resources available is the problem of technology. Who is going to get the product and how the producer is going to pay his help and get paid for his product is economics."

**More Than 120 Reds Are Killed And 6 Yanks Dead Or Missing In S. Viet Nam**

By JOHN T. WHEELER

SAIGON, South Viet Nam (AP) — More than 120 Communist Viet Cong were killed and six Americans were dead or missing today in one of the bloodiest engagements in the Mekong delta in months, U.S. officials said.

Initial reports indicated that South Vietnamese government forces suffered more than 60 casualties, including about 16 killed.

The confirmed American dead were a U.S. Army officer and a U.S. Navy officer. Their deaths brought to 323 the number of Americans killed in combat in South Viet Nam since December 1961.

**4 CREWMEN MISSING**

Four U.S. Army helicopter crewmen were missing and believed dead. Their aircraft was hit by 50-caliber Viet Cong machine-gun fire and exploded in air.

The helicopter had been providing cover for a downed Vietnamese air force fighter-bomber.

A second U.S. Army helicopter was shot down while covering the same crash. Its four crewmen were rescued and were reported only slightly injured.

**HEAVY FIGHTING**

Heavy fighting was reported still in progress. The scene was the Ca Mau Peninsula, about 130 miles southwest of Saigon.

U.S. Air Force B-57 jet bombers flew 16 strikes against Viet Cong in the area today.

Elsewhere in South Viet Nam, 32 American strikes were flown, making today one of the heaviest days of air operations in South Viet Nam to date.

Military sources said a Communist captain was among the Viet Cong killed in the Ca Mau fighting. Many of the enemy casualties were reported brought down by fire from

## Dr. R. W. Gifford To Address Club

The York Springs Lions Club will meet this evening at 8:30 o'clock in the Scout Cabin. Dr. Roy W. Gifford, surgeon at the Warner Hospital, will speak on Elderly care versus Medicare.

Ronald R. Miller, captain of the Cancer Crusade in York Springs, has announced the following solicitors for the drive: Mrs. Ruth Williams, Mrs. Janet Guise, Mrs. Joan Trostle, Mrs. Lovina Hoff and Mrs. Iva Mumper.

## FIREMEN WILL HOLD "QUEEN" CONTEST IN '66

The Adams County Volunteer Firemen's Association Monday evening voted to hold a county-wide "Queen" contest in 1966.

Meeting at Bonneauville, the association heard reports from 19 county fire companies. Seven voted in favor of a program by which each company will select a queen at its carnival and then all the queens will compete for the county title. Six opposed the program. Six took no action.

There appeared to be sufficient interest among companies which have not taken any action to induce the county association to conduct the contest.

## NAME COMMITTEE

A committee comprising Melvin Eisenhart, East Berlin; Eugene Murren, McSherrystown; Sterling Roth, Biglerville; George Becker, Midway, and John Mort, Kingsdale, was appointed to work out the details for next year. Fire companies which hold their carnivals following the August 7 convention of the county association were asked to select their queen next August and September for inclusion in next year's competition. Those companies which hold carnivals before August 7 will select their queens in 1966. The committee will report at the August 7 convention.

Firemen will ask to meet with the county commissioners to discuss various aspects of Quick Call operation.

Robert Heyser asked fire companies having color guards and uniformed marching units to take part in the Pennsylvania Firemen's Association Memorial Service to be held at the High Water Mark here at 4 p.m. June 27. The service, commemorating all firemen who served in the armed forces of the United States, will be held at the 72nd Pennsylvania regiment monument in the "Angle." The 72nd Pennsylvania was made up entirely of firemen.

## SEEK MORE LINES

Heyser, a past president of the county group, was asked to represent the association in the committee arranging with the United Telephone Co. to provide more trunk lines into the Quick Call center, with automatic switch over to another line if one is

## To Register For Summer Work

A special registration period for those seeking summer employment will be held Thursday evening from 6 to 9 at the state Employment Service office in the Gettysburg Shopping Center.

The special evening hours are designed to register anyone 14 years of age and over seeking work for the summer. The evening session is for students, teachers, and anyone else who cannot get to the employment office during the regular daily hours.

## Start Work On Planetarium

Construction has begun on the planetarium addition to the physics laboratory, Masters Hall, at Gettysburg College. The \$200,000 addition will provide space for a large planetarium chamber which will accommodate 100 viewers under a 30-ft. dome. Seminar room, offices, laboratory, workroom and other facilities. A gift of \$33,000 from George G. Hatter, retired Lemoyne businessman and Gettysburg alumnus, will go toward providing for the planetarium itself.

## LIONS MAKE CLEAN SWEEP

Gettysburg Lions made a "clean sweep" of the community Monday evening in their annual broom sale with the proceeds to go into the club Charity Fund for community projects.

In addition to disposing of 480 brooms, the Lions sold 15 dozen packs of tea towels and an equal supply of washcloths.

The clubmen ate early at the Varsity Diner and then divided into teams for the canvass of the community which got underway about 6:15 p.m. The work was over in most parts of the community shortly after 8 p.m.

Club Treasurer J. Herbert Weikert said today that he took in \$56.50 Monday evening. When reports are in from all members the receipts should total \$1,200 and the Charity Fund should be boosted by about \$350.

## \$24,000 WILL BE PAID FOR LUCKY FISHES

An Adams County fisherman may catch a \$2,000 fish, Harold Corbin of the Pennsylvania Fish Commission told the Upper Adams Junior Chamber of Commerce at its meeting Monday evening in the former Arendtsville fire hall.

Corbin, associated with the fish commission for the past 18 years, told of the work of the commission and also announced that, in cooperation with the Atlantic Refining Co., the commission is placing 20,000 fish with tags on their lower jaw. Of the tagged fish 1,007 will have a monetary value. Some, he said, are placed in Adams County. A total of \$24,000 will be given in prizes. In addition to the \$2,000 first prize tag, there will be four worth \$500 each.

## C. W. STERNER PASSES AWAY

Charles W. Sterner, 66, a former borough councilman, died this morning at 6 o'clock in his home, 153 Chambersburg St. He had been under a physician's care for several months.

A son of the late Charles W. and Margaret (Spangler) Sterner, he was a plasterer and was a member of Memorial EUB Church, the Gettysburg Fire Department, the Pennsylvania Firemen's Association, the Gettysburg Moose and Eagles and the Home Association of Hanover.

Surviving are his widow, the former Louella LeGore; three children, Charles W. Sterner III, Corvina and Sharon, all at home, and these brothers and sisters: Mervin Sterner, Gettysburg; Emory Sterner Sr., York; Mrs. Laura Freed, New Oxford, and Mrs. Astrea Boyette, Pittsburgh.

Funeral services Saturday afternoon at 2 o'clock from the Peters Funeral Home, Carlisle St., with the Rev. Dr. Paul Cooper officiating. Interment in Evergreen Cemetery. Friends may call Friday evening at the funeral home.

## Name Two For Flight To Join Spacecraft And An Unmanned Agena Rocket

HOUSTON, Tex. (AP) — Astronaut Walter M. Schirra Jr. hitched his career star to a space satellite and now his wish has come true.

Schirra, a Navy commander, 42, and Air Force Maj. Thomas P. Stafford, 34, were named the primary crew Monday for this country's first attempt to link up two full-size vehicles in space.

Air Force Maj. Virgil I. Griscom and Navy Lt. Cmdr. John W. Young were chosen backup crew for the flight, the fourth manned mission in the Gemini program. It is expected before Christmas.

## BUDGET IS UP BUT TAX FOR SCHOOLS SAME

The Franklin Twp. Board of School Directors decided at its April meeting Monday evening to continue present rates of taxation for another year and gave tentative approval to an unbalanced budget of \$351,090. Estimated receipts are only \$338,459.

The school board expects to continue its 60-mill levy on real estate, 20 percent on occupations, \$10 head tax, one percent real estate transfer tax and five percent amusement tax.

Uncertainties about the new budget, which is \$12,600 above that for the current year, include the possible need for extra bus transportation costs under pending state legislation on school bus service for parochial school pupils and the expected need for a provision for rentals on the proposed annex to the senior high school building at Gettysburg. No increase in rentals is provided in the budget for this purpose.

## JOINTURE BILL IS UP

The \$12,600 increase is divided almost equally between the Gettysburg Joint School District and the elementary program in the township. An extra \$6,200 is provided for the jointure next year and \$6,400 for the township school. Instructional costs, principally teachers' salaries, will rise from \$80,000 to \$82,700, transportation from \$30,160 to \$31,110, operation of plant from \$10,000 to \$11,380 and rentals were kept at \$45,750. The rental responsibilities include

## TWO BANDS TO GIVE CONCERT FRIDAY NIGHT

The Junior and Senior Bands of Biglerville High School will present the annual spring concert Friday evening at 8 o'clock in the high school auditorium under the direction of Richard P. Thompson. The theme of the concert is "Musical Procession '65."

The Senior Band's portion of the program will include varied types of musical compositions ranging from the classical to the ultra-modern. Many students will be featured in special numbers. Jim Wright and Lexie Eckenrode will be trap drum soloists in "Thundering Drums" by the famous jazz composer, Louis Bellson. Gregg Eisenhart will be the alto saxophone soloist in a popular song "Misty" by Johnny Burke and Erroll Garner. Other numbers will include "When Jesus Wept" by William Schuman, "The Sinfonians," a contemporary concert march by Clifton Williams, "Procession of Nobles" by Nicholas Rimsky-Korsakov, Oscar Hammerstein's favorite music

## BOARD STUDIES BUDGET, HIRES NEW TEACHERS

The Upper Adams Merged School District Monday evening adopted a preliminary budget for 1965-66 of \$980,502.60, hired four new teachers, accepted the resignations of three elementary teachers and granted sabbatical leaves to two teachers for the second semester next year.

The new budget, which will be open for inspection for 30 days at the business office, will be adopted at the May meeting. School expenses are estimated at \$82,000 more for the next year than the current year because of additional teachers and salary increments.

The new budget does not include a specific allowance in legal expenses to join in the school reorganization appeal, which the board voted to support at a special meeting March 29.

## HIRES FOUR TEACHERS

The board hired Mrs. Carolyn Musselman Sell, Gettysburg College graduate, to teach at Arendtsville Elementary School at a salary of \$4,700; Miss Joyce Ripley, Shippensburg State College graduate, to teach Second Grade at Biglerville at the salary of \$4,500; Mrs. Mary Griest McKinney, a graduate of West Chester State College, to teach First Grade at Bendersville at a salary of \$4,500. Mrs. Ralph Baker will be transferred from Bendersville Elementary to Biglerville Elementary replacing Mrs. Gentzler. Mrs. Barbara Burkhardt, a Gettysburg College graduate with one year teaching experience, will teach English, to permit Mrs. Emma Grove to devote full time to remedial reading. Maynard Goehauser, Bendersville, was hired as custodian for the Bendersville school at a salary of \$3,200 starting June 15.

The board accepted the resignations of elementary teachers Mrs. Barbara Boyer, Arendtsville; Mrs. Ruth Gentzler, Biglerville, who is retiring, and Mrs. Carl Nye, Biglerville. All resignations are effective at the end of the year.

Sabbatical leaves were granted to Herbert and Margaret Lady, Biglerville, for the second semester of the school year 1965-66 to complete requirements for their master's degree. Each will receive \$1,500 in salary during the absence.

Cecil Snyder was authorized to attend the summer institute for teachers of agriculture sciences sponsored by the National Science Foundation of the University of Minnesota June 21 to July 16.

## PURCHASE TV SETS

The property committee authorized the purchase of six additional television sets from Dale Clark at \$164.24 each and awarded a contract for art supplies to J. L. Hammet Co., low bidder at \$2,110. Six television sets are in operation at the Biglerville High School, and the new sets will be installed at elementary schools in Arendtsville, Bendersville and Biglerville.

The board also authorized the secretary to advertise for coal bids and approved the investment of surplus receipts in time deposits.

## S. A. DRIVE IN COUNTY OPENS

Roland W. Keller, divisional service extension director for the Salvation Army, announced the annual campaign in Adams County opened on Monday. He also pointed out that 1965 is the Salvation Army's 100th anniversary. In making this announcement Keller stated, "After a century of service around the world the Salvation Army is continuing its good and faithful service to all men, without regard to race, creed or color and its dedication of kindly devotion and practical assistance to the neediest, which had its inception 100 years ago, has been felt in Adams County."

One of the Army's benefactors has stated, "When we pause to review the staggering statistics of the Army's program we gain new insight into the great variety of service offered by this great humanitarian organization. The citizens of Adams County have been made aware of the effective service of The Salvation Army and now that the time of the annual campaign is here, Adams County has an opportunity to demonstrate their appreciation in a practical way and contribute to the campaign."

## INQUEST MONDAY

Dr. C. C. Crist, Adams County coroner, announced today that the inquest into the death of Doris Jean Miller, 11-year-old Bonneauville girl fatally injured in an auto accident Sunday morning, will be held Monday afternoon at 4 o'clock at the courthouse.

## 2 More Burglaries Are Being Probed

State police today reported two burglaries occurring late Sunday or early Monday morning.

Intruders broke into the Hunt Ave. garage along the Littlestown Rd. south of here and removed a check writer, valued at \$135, from the office. Police said preliminary investigation did not reveal any other articles stolen.

At the same time someone broke a window in a car at Thomas A. Hoade at Hoade's Corner, at the Zora intersection. After breaking the window the thief removed two tires that had been in the rear of the car.

## LEGIONNAIRES URGE ACTION ON BURIAL AREA

The Albert J. Lentz Post of the American Legion at its meeting Monday evening in the American Legion building, Baltimore St., passed a resolution asking the Department of the Interior to expedite plans to incorporate the five-acre plot donated by Bethlehem Steel into the National Cemetery.

The resolution was adopted after discussion of statements that it is the intention of the Park Service to add the plot to the cemetery. The Legionnaires noted that funds for such work must come from Washington, and that the proposed enlargement of the National Cemetery here would be "but one project among perhaps hundreds through the nation." Noting that there is a need for speed in opening the new section, the post adopted the resolution calling for rapid inclusion of the plot into the cemetery and decided to forward copies to U. S. Senators Joseph Clark and Hugh Scott and Congressman N. Neiman Craley with the hope that the work may be given top priority.

## ASK NOMINATIONS

Plans were made to send two boys to the Keystone Boys camp to be held by the state Department of the American Legion June 19 to 27. John Maloney was named chairman of the committee in charge and the local high school administration will be asked to nominate youths to attend the camp.

Dale Bowling, Harold Culp and Robert E. Fox were named as a nominating committee to report at the May meeting of the post.

Reports showed membership in the post now totals 667, or three more than for the same time last year. Goal of the post is 730 members for that year. One new member was accepted, William E. English of Hanover.

John Maloney reported on the recent Legion essay contest of which he was chairman. The winning essay, written by Nancy Connor, Gettysburg, was entered in the 22nd District Legion essay competition, he said.

## TANEYTOWN GROCER DIES

Curtis Garfield Bowers, 84, who was owner of a grocery store in Taneytown for 40 years until his retirement about three years ago, died Monday evening at the Warner Hospital. Mr. Bowers had been in the grocery business for about 65 years and for the last 40 years of that period had operated his own store in Taneytown.

Mr. Bowers was a lifelong

## Two Former Army Buddies Are Charged With Spying For Soviet Union 11 Years

SAN FRANCISCO (AP) — Two former U.S. Army buddies, in jail on opposite sides of the continent, face charges of involvement in an 11-year spy plot to sell defense secrets to the Soviet Union for \$250 to \$350 a month.

Sgt. Robert Lee Johnson, a Army courier, was arrested Monday while making his rounds in the Pentagon. James A. Mintkenbaugh, a silver-haired 46-year-old salesman, was arrested by FBI agents about the same time in Castro Valley, Calif., near his San Martin home.

## CAN'T GET BAIL

San Francisco's U.S. attorney, Cecil Poole, said a federal grand jury will consider the case today in Richmond, Va. Mintkenbaugh was held in Alameda County jail. Johnson, 43, was in an Alexandria, Va., jail awaiting a preliminary hearing April 15. Neither man was able to

## COUNCIL VOTES PAY INCREASES FOR POLICE AND STREET CREWS

Pay raises for policemen and highway department employees were voted by Gettysburg borough council at its meeting Monday evening in the engine house, E. Middle St.

On recommendation of Safety Committee Chairman Kenneth P. Hull, all policemen were given a \$200 a year pay raise "across the board" from patrolman to chief. Councilman Hull noted that "even with the pay raise," which will bring the patrolman's pay to \$4,400 a year, the wages paid by Gettysburg to its police force will be "under the pay scale of neighboring boroughs."

After council had approved the police pay raise, Councilman Robert McCoy, chairman of the highways committee, said a pay raise for police forced him to ask for a pay raise for the highway workers. Council approved a \$200 a year raise for Borough Engineer LeRoy H. Winebrenner and Foreman Sloan Hott and a 10-cent an hour raise for the other employees on the highway crews.

## NAME NEW POLICEMAN

Councilman Hull announced the appointment of Fred R. Snyder, 27, New Oxford R. 2, formerly of Gettysburg, as a member of the local police department. Snyder, formerly an employee at Timely of Gettysburg, and whose mother resides on N. Stratton St., began his duties on Sunday. He will be paid at the rate of \$3,900 a year for the first six months. At the conclusion of the probationary period, if he is accepted as a permanent member of the force, his salary will move to \$4,400 a year, the base pay for patrolmen.

The safety committee was authorized to hire another new policeman on May 15. Councilman Hull explained that the addition of the two men will increase the force to a size where it can meet traffic and other problems without hiring part-time special officers. Hull said that the addition of the full-time men will cost no more than was spent for part-time officers previously.

## TO REPLACE POLICE CAR

The additional police will also permit more foot patrols, according to the discussion.

Radford H. Lippy, Chambersburg St., appeared before council to complain of persons using doorways as latrines on Chambersburg St. and said that "it is pretty well broken up now," because he personally paid for a man to watch the street and make arrests during the early hours of the morning. The addition of more police to the local force will permit the regular police force to keep a closer watch, it was indicated, and bring arrests to break up the practice if it is resumed. Lippy said a complaint has been made to the state Liquor Control Board concerning operation of taverns in the area.

Approval was given for the safety committee to seek bids for a new police car to replace the Rambler which now has traveled 96,000 miles. Hull reminded council that when it purchased the second police car last year it was decided that one of the two cars would be traded in each year; thus no police car would ever be more than two years old.

(Continued on Page 3)

## WAS IN ARMY

The complaint said Johnson was working in the Army's intelligence section in February 1963 and contacted Soviet agents in Karlhorst, East Berlin.

"He agreed to work for the Soviets and began photographing classified documents," the complaint said.

Before his transfer from Berlin in April 1964 Johnson allegedly recruited Mintkenbaugh.

The FBI said Johnson and Mintkenbaugh conspired to pass secrets to Vitaly Oursinov, a

## TOWN COFFERS MADE GAIN IN LAST MONTH

Gettysburg spent \$13,531.07 during the last month and had income of \$15,843.43, according to the monthly report presented by Borough Treasurer Charles E. Kuhn to council at its meeting Monday night.

Income included \$5,112.10 collected by Mayor William G. Weaver, \$5,196.96 from the parking meters, \$2,900 from the state for liquor licenses in the borough and smaller amounts from building permits and amusement taxes.

Expenditures included \$1,567.08 for general government, \$5,806.67 for protection to persons and property, \$3,530.40 highways, \$134.92 electricity and \$2,500 placed on a certificate of deposit. So far this year the town has spent \$47,882.90.

### OTHER REPORTS

The treasurer's report showed a cash balance of \$38,990.65 in the general fund account and \$87,500 on certificates of deposit.

The report of Mayor Weaver showed collections of \$4,319.10 from digging permits, \$643 from parking fines, \$60 for three amusement permits, \$3 for three guide licenses, \$11.50 rental of parking space and \$25.50 miscellaneous, which included \$30 from towing.

Chief of Police Jack Bartlett's report showed 15 criminal arrests and 34 traffic arrests made during the month. Nine accidents were investigated as were 313 complaints. Eighteen escorts and 77 assists to other departments were provided. Three bicycles were reported stolen and three found; one motor bike was stolen and one found; similarly a wallet reported lost and a car stolen were recovered. Four missing persons were reported and three located.

## EXPECT POPE WILL CHANGE WEDDING LAW

VATICAN CITY (AP) — Pope Paul VI was reported today preparing a document extensively altering Roman Catholic Church law on mixed marriages, doing away with written promises from the non-Catholic and guaranteeing his or her religious liberty.

Italian papers speculated that the pontiff would shortly issue a "Motu Proprio," or personal administrative decree, altering the marriage section of the 46-year-old Code of Canon Law.

A Vatican official said, however, that the Pope would not publish such a document for some time. The official said a committee assigned by the Pope to review Church laws on marriage was still working it out recommended changes. The official is a prelate associated with that committee.

The changes known to be under serious consideration include an entirely new shift of responsibility from the non-Catholic party to the Catholic party in a mixed marriage.

Now, a non-Catholic Christian marrying a Catholic is asked to sign promises to create no obstacles for the Catholic in his or her practice of Catholicism and to rear and educate children as Roman Catholics.

## CANADA PLANS POVERTY DRIVE

OTTAWA (AP) — Canada plans to match the United States antipoverty drive with its own program "for the full utilization of our human resources" to ease hardship among the needy.

Gov. Gen. Georges Vanier outlined the plans of Prime Minister Lester B. Pearson's Liberal government in a 3,000-word speech Monday opening the third session of the 28th Canadian Parliament.

Three proposals dominated the policy statement: — Calling of a federal-provincial conference as the first step toward a national medical care plan.

— Enactment of welfare and job-creating measures.

— Establishment of a Company of Young Canadians much like the late President Kennedy's U.S. Peace Corps.

## Reds Change Tune On Talks On Laos

VIENTIANE, Laos, (AP) — The Communist Pathet Lao have proposed low-level talks in Vientiane and have abandoned pre-conditions previously demanded, a government spokesman said today.

Previously, the Pathet Lao have demanded that all talks to restore peace in the divided country be held in Paris.

A minister who asked not to be identified said the Pathet Lao change — "it's a debacle" — indicates the Communists have been hurt by continuous bombings by Laotian and American aircraft of their supply routes.

## Social Happenings

The Gettysburg Bible Church will hold Bible conferences conducted by the Rev. Howard Wheatley Wednesday through Sunday at 7:30 p.m.

The third and last in the series of dialogue preaching being held at the midweek community Lenten services in St. John's United Church of Christ, Fairfield, will be held Wednesday evening at 7:30 o'clock. The Rev. Dr. M. R. Hamsher, interim pastor of the Zion Lutheran Church, Fairfield, and William Dick Jr., layman from Mt. Hope EUB Church, will discuss the response of Peter. There will be music by the choir of the latter church.

## CENTER PLOT IN

(Continued From Page 1) occupants of the apartment he rents and leaves no place for his children to play. Councilmen said this is a continuing problem.

TO STUDY CROSSINGS Gettysburg Asphalt presented the only bid for blacktopping, \$5.90 per ton, plus \$14.50 per hour for the machinery and men to place the material. It was noted that some holes had developed in blacktopping placed last year and it was decided to determine whether the fault was that of the firm that provided the material before accepting any bids.

A letter was read from Rev. Dr. Paul L. Reaser calling council's attention to a problem at the intersection of S. Stratton and York Sts., occurring when ever rain falls. Water, and in winter slush and ice, gathers in large quantities making it difficult for pedestrians to cross. Borough Engineer Winebrenner said the problem will be solved when the first block of S. Stratton St. is rebuilt this summer. The highways committee was asked to study other intersections where similar problems occur.

A request by residents of Pine and Victor Sts. for street lights was turned over to the light committee.

Approval was given for expenditure of about \$700 by the highway committee for stop, speed limit and parking signs and for paint to put the lines on the streets.

### VARIETY OF PROBLEMS

Councilman McCoy also reported his committee is studying types of signs to be placed in alleys where needed to have traffic stop before crossing sidewalks. Mrs. Dessin in her report on the Chamber of Commerce committee requests had also mentioned the need to protect pedestrians where alleys intersect with the main streets.

A number of complaints concerning dogs running at large were reported by individual councilmen. Councilman Mahlon P. Hartzell suggested that if Cumberland Town works out a plan for impounding dogs to permit enforcement of its dog laws, that the town enter into an agreement with the township for its dog catcher and pound to be used by the borough.

An ordinance was passed establishing a stop sign at the east end of E. High St. where it intersects with S. Stratton St.

## Negro Will Seek Virginia Office

RICHMOND, Va. (AP) — Clarence L. Townes Jr., 37, is the first Negro Republican to bid for a seat in the Virginia House of Delegates in this century.

He said Monday that he will campaign "not as a Negro, but as a Virginian and an American." The insurance executive announced his candidacy, subject to local GOP nomination, which is expected. He has been a strong force on behalf of the Virginia Republican party among Negro voting organizations in Richmond.

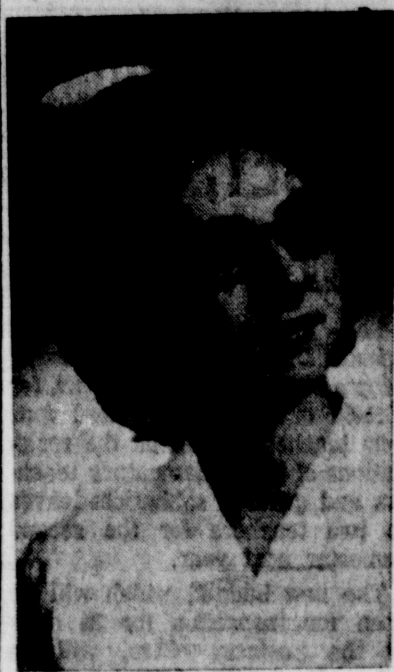

## Team Is Climbing Unconquered Peak

WHITEHORSE, Y.T. (AP) — A U.S. expedition is climbing the highest unconquered peak in North America, 12,300-foot Mt. King George, in Canada's Yukon Territory.

The climbers had planned originally to scale nearby Mt. Kennedy, which was North America's highest unclimbed peak until two weeks ago. On March 24 a six-man U.S. team including Sen. Robert F. Kennedy of New York reached the top of the mountain named for the senator's brother.

The Mt. King George expedition set up its camp at the base of the peak Monday. The group was organized by New York advertising man Michael Shor, a former U.S. Army Alpine instructor.

## BULLETIN

LONDON (AP) — The British government today announced abandonment of its TSR2 tactical bomber project which was to have kept the nation in the nuclear power league.

The announcement by Chancellor of the Exchequer James Callaghan in the course of his budget speech made plain the Labor government reached its decision on the airplane's spiraling costs.

WASHINGTON (AP) — Southern senators appointed a committee today to appeal to Senate leadership to make President Johnson's Negro voting rights bill "confirm to the Constitution."

Sen. Allen J. Ellender, D-La., spokesman for the group, said if their appeal goes unheeded, the Dixie forces are likely to launch a filibuster against the measure designed to enforce the 15th Amendment's bar against denial of voting rights because of race or color.

NEW YORK (AP) — Three Florida beach boys were sentenced today to three years each for the theft of the fabulous Star of India Sapphire and other gems from the American Museum of Natural History October 29.

State Supreme Court Justice Mitchell D. Schwartz said he accepted a leniency recommendation by the district attorney's office because the defendants had aided in the return of a substantial part of the jewelry. Each could have been sentenced to 21 years.

The defendants were Allen Dale Kuhn, 26; Jack Roland (Murf the Surf) Murphy, 27, and Regor Frederick Clark, 29.

## RAIN AND SNOW IN WIDE AREAS

By THE ASSOCIATED PRESS

Rain and snow fell across broad areas of the nation today. Steady rains splashed much of the Midwest from South Dakota to Ohio and thunderstorms erupted southward to central Texas. Hail pelted Kansas City and Topeka, Kan., during the early morning after hitting areas in southern Texas.

Tornado winds lashed sections of Missouri and Oklahoma Monday, causing extensive property damage. The violent winds during thunderstorms ripped across Springfield, Mo., and nearby areas, in suburbs northwest of St. Louis and at Bartlesville, Okla.

Snow fell in the Dakotas along the northwestern edge of the rain belt, with 2 to 4 inches indicated in some areas. More snow was reported in sections of the Rockies.

The heavy rain and snow caused some flooding in Midwest areas.

For the first time this year the mercury soared to 100 degrees in the nation, hitting the century mark Monday at Laredo, in southern Texas. The warm weather extended northward into Indiana, with a high of 80 at Evansville.

## Order Autopsy In Student Death

UNIVERSITY PARK, Pa. (AP) — An autopsy was scheduled to be performed today to determine the cause of death of a Pennsylvania State University student who collapsed while exercising.

The student, William A. Carter, 22, of Pittsburgh, was pronounced dead Monday night at a gymnasium in the recreation building.

A university spokesman said death may have been due to heart trouble. Centre County Coroner Robert Neff ordered the autopsy.

### "THINGS TO COME"

No doubt you've wondered many times . . . about what is to be . . . and in this way you certainly . . . are very much like me . . . for I have tried my very best . . . to view the great unknown . . . in hopes that I could fathom out . . . the things wise men condone . . . I've thought about the cosmic rays . . . that emit from the sun . . . and what would happen if we felt . . . the force of only one . . . space ships are also in my mind . . . and take off time to time . . . on trips across the milky way . . . where flying saucers climb discoveries to rid mankind . . . of horrible disease . . . hold lofty places in my thoughts . . . and always tend to please . . . I hope and pray with all my heart . . . before I must succumb . . . that I and others known to me . . . can see the things to come.

## WILL PRESENT BROADWAY HIT AT ST. JOSEPH

"Bye Bye Birdie," Broadway's hit musical, will be presented Friday, Saturday and Sunday in DePaul auditorium at St. Joseph College, Emmitsburg, through the joint efforts of students of St. Joseph's and Mt. St. Mary's Colleges. The Friday and Saturday performances will begin at 8 p.m. and the Sunday matinee at 2 p.m.

Sponsored by Mt. St. Mary's Paradise Guild, the play is a fund-raising project for a scholarship to the Mount. The proceeds are given to the Paradise Orphanage, Abbottstown.

Under the direction of Kay Kelly, M.A.T., instructor in English at St. Joseph's, the cast includes Jay Furlong as Albert, Jacquie Nemetz as Rosie, Beth Macpherson as Kim MacAfee, Tim Donohoe as Randolph MacAfee, Maureen Costello as Ursula Merkle, Kathy Natwin as Mrs. MacAfee, Tom Wallace as Mr. MacAfee, Gip Matson as Conrad Birdie, Barbara Garvie as Mae Petterson and Mike Stoehr as Hugo. The chorus of Sweet Apple Kids is choreographed by Tom Brunner.

### TICKETS ON SALE

The musical concerns the hip-swinging rock 'n' roll idol, Conrad Birdie, who has been drafted into the army. As a final publicity stunt, Conrad's manager, Albert Petterson, has him give "One Last Kiss" to a teen-age fan while music, dance and comedy quickly arise from the situation as Conrad goes to Sweet Apple to bestow the kiss.

Tickets for the three performances are on sale through members of the cast or Fred Mauser, president of the Paradise Guild.

There are 125 savings banks in New York state.

Lt. Gov. Raymond Shafer, in the absence of Governor Scranton, recently signed a proclamation proclaiming Saturday, May 1, Pennsylvania Elks Youth Day. This is a project of the Grand Lodge and the 50 states in the Union participate in the affair. In Pennsylvania Youth Day is always observed in Gettysburg, selected by the state organization. In other states the observance is held in a different city each year. At the signing of the proclamation were, from left, seated, William C. Kuhn, Gettysburg, state chairman; Lt. Gov. Shafer; Homer Huhn Jr., Mt. Pleasant, president, Pennsylvania State Elks Association; standing, J. W. Kromer, Mt. Pleasant, past exalted ruler; Smith McKee, New Kensington; Lee A. Donaldson, Elma, Pa., past grand exalted ruler; M. Earl Pitzer, Aspers, former president of the state association; Frank Murray, exalted ruler of the Gettysburg lodge; Edward D. Smith, Lewistown, past state president.

The new service station wagon provided by the Pennsylvania Elks made its first visit to Gettysburg Monday and will serve the local unit of the United Cerebral Palsy Foundation regularly through the cooperation of the Gettysburg Elks Lodge. Shown above, left to right, are Mrs. George Gilbert, Mrs. Paul L. Reaser, teachers at the Cerebral Palsy Center on High St.; Mrs. Amy Rauchle, R.N., Elks representative, Harrisburg office United Cerebral Palsy of Pennsylvania, and Mrs. Robert Knouse, Gettysburg R. 4, treasurer of the Adams County UCP unit, and five of the six local children enrolled at the center. The service vehicle will be used by Mrs. Rauchle at least once a month to visit the homes of local cerebral palsy victims, provide home aid, medical supplies and counseling. The wagon also will be used to transport the children to special centers when necessary. The Elks of Pennsylvania have provided three station wagons for use in the cerebral palsy program. Adams County is one of six counties Mrs. Rauchle will serve. (Times photo)

## ROTARIANS

(Continued From Page 1)

partment of Commerce concerning the U. S. economic system was "our secret weapon in World War II," Dr. Railing said. "We knew more about our economy than Germany knew about its economy and as a result we were better able to mobilize our resources in the fighting."

The economist, he said, is interested in all systems of economics, "but we, of course, are more interested in our capitalistic, decentralized economic system. We believe it works better than communism and we will in due course find out whether our beliefs are true. We are engaged in an economic struggle with communism. Of one thing we are sure, the best economic system will work out. So far everything has bolstered our belief that our system works better."

President C. William Harbaugh presided at the meeting. Gregg Eisenhart, a Biglerville High School senior, who is editor of the Bi-Hi Times, was introduced as the student Rotarian for April.

## BOARD STUDIES

## Rev. Walborn To Speak Wednesday

(Continued From Page 1)

The last of the midweek Lenten series at the Presbyterian Church will be held on Wednesday evening at 7:30 o'clock, with the Rev. George Walborn, missionary to Argentina, as the guest speaker.

The sessions are held in Fellowship Hall at the church and this one will be in connection with the regular Women's Christian Fellowship meeting. Mrs. Shelby Robert will conduct devotions and Richard Thompson will sing. Refreshments will be served by Circle III. Women may bring their offering envelopes at this time.

Rev. Mr. Walborn will relate his experiences in his ministry in the South American field, particularly in Argentina. The speaker is a missionary of the Lutheran Church and he and his family are on furlough, having returned to the United States last year. Rev. Mr. Walborn is a graduate of Gettysburg College and the Lutheran Theological Seminary. He is a native of Millersburg. Rev. and Mrs. Walborn and their children are residing in Gettysburg during their furlough.

Rev. Robert A. MacAskill, pastor of the church, will preside. An invitation is extended to the public.

## County Home Is Inspected Today

The Adams County Commissioners met briefly this morning to approve bills in the amount of \$21,154.82 for payment before proceeding to the Adams County home for the weekly inspection. The bills included the quarterly payments of social security and other month-end obligations.

The commissioners studied a report from the Child Welfare agency which noted that 161 children are listed on the rolls. Of this number, 105 are under direct supervision of the agency and 56 receive indirect supervision.

The commissioners reported that the state auditors are continuing the annual audit of the county books.

### ACTING CHIEF

**SEOUL, South Korea (AP)** — Maj. Gen. Edwin H. Burba has been appointed acting chief of the United Nations Command-U. S. forces in Seoul. He succeeds Lt. Gen. Edwin B. Broadhurst, who died of a heart attack Sunday.

## A Pre-Easter Feature

Easter includes a prelude, a climax and a sequel. Attention at this season generally fixes on the opening phase, the passion and the Crucifixion, and the culminating event, the Resurrection. But not so much consideration is given to the subsequent effects, the ensuing results.

To the followers of Jesus, who had anticipated a brilliant temporal triumph for Him, the Crucifixion seemed a shuddering failure. Frightened, they went into hiding. The ensuing Resurrection appearances left them even more wondering and dumbfounded.

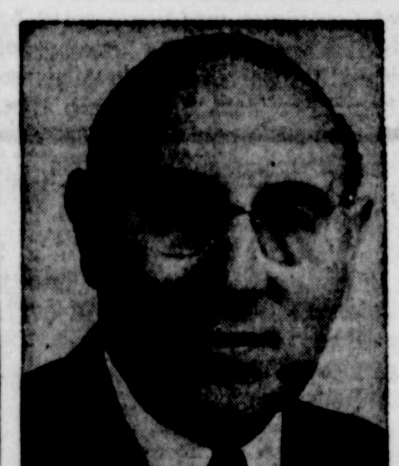

Altogether this sequence, combined with the hazardous conditions, virtually immobilized them for seven bewildered weeks. Then the dam burst, the compounded, pent-up force of events broke loose into the stream of history.

The repercussions have continued ever since, beginning with the trials, dangers and deaths of those original believers, and their strangely fearless assurance that genuine life is so grand and so mighty they were willing to die for it.

The events recounted in the series are drawn from Scripture, with supplementary atmosphere taken from secular history and early church writings.

George W. Cornell, religious editor of The Associated Press, tells of what happened after the climactic Crucifixion and Resurrection, the epilogue of Easter, in a five-part series beginning next Monday, April 12, in The Gettysburg Times.

## Will Conduct Bible Conference

REV. WHEATLEY

Rev. Howard A. Wheatley, dean of Grace Bible Institute in Camden, N. J., will hold a Bible conference here nightly Wednesday through Sunday of this week at 7:30 p.m. For five years Mr. Wheatley taught in the day and evening school of the Philadelphia College of the Bible. For the same number of years he also taught at the Lancaster School of the Bible. He has been associated with the Grace Bible Institute for 20 years. In addition to being dean of the school he teaches Bible analysis.

Dean Wheatley will conduct a question box each evening at the Gettysburg Bible Church, Harrisburg Rd.

President Harry Moul announced the next meeting of the association will be held June 28 at Brushstown. Clarence Deardorff conducted the devotions. Melvin Noel, president of the Bonneauville fire company, welcomed the group. Dale Guise, of Biglerville, gave the response.

### TRADING SLOWS

**NEW YORK (AP)** — The stock market moved irregularly as trading slackened early this afternoon.

Gains and losses of most key stocks were fractional. Uncertainty about the situation in Viet Nam, Berlin and Britain was said to be one factor in the uncertain market. Another was the approach of the April 15 income tax deadline, with many investors facing the necessity of raising cash to make up for underwithheld earnings.

### CONFIRM COUNT

An American source said the Viet Cong casualty count was confirmed by American officers.

Under the heavy battering from land, water-borne and air units, the Viet Cong apparently were forced to make tactical withdrawals leaving their dead on the battlefield. Usually they try to carry off the bodies.

A heavy haul of Communist weapons was reported captured.

## 4-H Club Members Visit Harrisburg

Adams County 4-H Club Members are having an opportunity to further their understanding of citizenship by observing the state government in action. Attending State 4-H Capital Days Monday and today in Harrisburg are Miss Lyn Galusha, Bendersville, and Tim Brown, Littlestown. Other 4-H members from most counties in the commonwealth will also attend this two-day event.

While in Harrisburg, they will meet and talk with Gov. William W. Scranton, have breakfast with their General Assembly members, observe the executive, legislative and judicial branches of government while in session and tour the state capitol, the William Penn Memorial Museum and the new Department of Agriculture building.

P. Glenn Harr, assistant state 4-H Club leader of the Pennsylvania State University, coordinator for this event, said the activity will give 4-H members a better understanding of their role as citizens of Pennsylvania.

State 4-H Capital Days, held for the first time this year, is one of the many 4-H activities that provides training in leadership and citizenship for tomorrow's adults, Harr said.

## TRUCK UPSETS ON SOFT BERM

A meat truck owned by George Weaver Co., Steelton, Monday afternoon struck a soft shoulder on Hanover St., Biglerville, near the vinegar tanks at the Musselman Co., and overturned, causing extensive damage to the vehicle, which was heavily loaded with meat products.

Workmen at the Musselman Co. said the truck was proceeding east from Biglerville to Table Rock about 12:30 o'clock when the right wheels of the truck left the macadam highway and hit a soft shoulder. A wrecker from Harrisburg was called to the scene and the load was transferred to another truck for removal. The driver, who was not identified, was unhurt.

The Biglerville Fire Co. was called when gasoline leaked from the truck tanks onto the highway. The vehicle was removed about 4 o'clock. Damage was estimated at several thousand dollars.

### TOOK PHOTOGRAPHS

Johnson would photograph documents, the complaint said, and Mintkenbaugh would deliver them to agents in East or West Berlin. The complaint listed contacts named Paula, Viktor, Yuri and Nervous Nick.

Both men were discharged from the Army in 1956. The FBI said Johnson was told by his espionage bosses to re-enlist "for the specific purpose of photographing missile sites." He did.

Mintkenbaugh, then living with parents in Campbell, Calif., was allegedly called to Berlin and ordered to act as a delivery man for Johnson in Los Angeles.

Johnson was stationed at a Nike missile base in Los Angeles. He was then transferred to the Missile Training School, Ft. Bliss, Tex.

In accusing Johnson of espionage, the complaint listed incidents as late as April 1964. The record on Mintkenbaugh ended in August 1962.

## BUDGET IS UP

\$23,000 in the elementary program and the remainder for the jointure.

Payments to the jointure next year will jump from \$145,000 to \$151,165.

In addition to receipts from local taxes, the district expects to get \$175,008 from the state and \$6,100 from the federal government next year.

The board increased by \$150 its budget allotment for legal fees to cover the district's share of the cost of the appeal soon to be taken in court on the state Board of Education's decision on the county plan. Franklin is joining with several other school districts in the appeal.

The directors Monday evening approved a trip to Hershey for Sixth Graders at the Cashtown School May 26 and a battlefield trip here for Fifth Graders on the following day.

Bills totaling \$34,081 were approved for payment including \$12,000 to the Gettysburg jointure. There is a current balance of \$55,943 in the district treasury.

The board made provision for painting of the exterior woodwork of the old part of the Cashtown school building during the summer. The monthly cafeteria report showed expenditures of \$1,540 and receipts of \$1,690 last month.

In the absence of President Ross White, Vice-president Thomas Oyler presided at the meeting with all other directors present.

## BIDDING FORMS READY ON P.O.

Bidding documents for the proposed new post office at Gardners will be available after April 15 in Philadelphia, according to information just received at Gardners by Postmaster E. Philip Tyson.

The forms may be obtained from Joseph A. May Jr., regional real estate offices, Room 303-B, General Post Office, 30th and Market St., Philadelphia. He will supply bidding forms, building specifications, lease provisions and other information. Bids must be submitted to the real estate office in Philadelphia by May 17.

The Post Office Department is seeking competitive bids to build and rent a new post office building at Gardners. The "best possible postal service at the least possible cost" is sought, according to an announcement by Postmaster General John A. Gronouski.

Under the department's lease construction plan, the successful bidder will construct the building in the general business area of the community according to department specifications and will rent it to the Post Office Department for a basic period of five years with options to renew the rental agreement for an additional 10 years.

The department's capital investment will be limited substantially to postal equipment. The building will remain under private ownership with the owner required to pay local real estate taxes.

## PLAN CLINIC ON ROADSIDE MARKETING

Farmers who market direct to consumers through roadside stands and farmers markets are invited to attend a roadside marketing clinic scheduled by the Adams County Agricultural Extension Service, County Agent Thomas E. Piper said today.

Arrangements are complete for the two-meeting clinic to be held on April 13 and 20 at 7:30 p.m. in Rooms 313 and 314 of the Biglerville High School. The meetings are open to the public but are designed for individuals presently selling or planning to sell farm produce direct to the consumer, Piper said.

Harold Hoecker, extension economist, University of Maryland, will discuss "Improving Customer Service, Display and Handling Techniques" at the first meeting. Hoecker has worked in food distribution and produce marketing for the past 15 years at the University of Maryland.

Charles Porter, extension economist specializing in fruit and vegetable marketing at Penn State, will discuss "Making Advertising Count." A panel discussion on "Promotions That Work For Us" will conclude the first meeting. Panelists will include Harry Black of Catocin Mountain Orchards, near Thurmont, Md.; Everitt Weiser, York Springs; Wadsworth Whittier of Shermansdale in Perry County; James Brinton, Hanover R. D., and Larry Yager, area marketing agent as moderator.

Delmar K. Myers, director of the Bureau of Foods and Chemistry, Department of Agriculture, Harrisburg, will address the group at the second meeting. His topic will be "Food Regulations and Quality Maintenance." Dr. Myers is a member of the advisory board for the U. S. Food and Drug Administration. His Harrisburg office is responsible for licensing and regulation of food and chemicals produced or utilized in Pennsylvania.

Carl Haeseler, extension pomologist, will discuss "Small Fruit Growing Recommendations." Extension Marketing Agent Larry Yager will cite an Ohio case study when he discusses "Roadside Market Customers" at the concluding session.

### GREATER INTEREST

He said that the program is "expected to create greater interest in fishing."

The program of the commission is supported by the revenue from fishing license and the federal excise tax charged on fishing equipment such as reels, Corbin said. "Pennsylvania is 33rd in size and third in population in the United States and highly industrialized. There are 45,000 miles of flowing streams in Pennsylvania of which 2,500 miles are polluted waters. In the past 10 years Pennsylvania has done more than any other state in cleaning up these streams with the exclusion of mine acid pollution."

A film was shown on stream improvement and building of natural habitat for fish to thrive in. State Jaycee Director Sterling Kint reported on the Area 4 meeting held on Sunday at Waynesboro. The Upper Adams Jaycees had nine members at the meeting.

The next project of the Upper Adams Jaycees will be a fishermen's feed to be held April 17 at the South Mountain Fairgrounds. It will consist of breakfast 5 a.m. to 2 p.m. for \$1. Throughout the day sandwiches and beverages will be available at the fairgrounds and at the Adams County Fish and Game Association's hatchery in Orrtanna from 5 a.m. to 2 p.m. also.

### KOUTZ SERVICE

### FIFTY YEARS AGO

Prof. George M. Rice bought the brick dwelling at Dr. J. W. Tudor on Springs Avenue Wednesday, the purchase price being \$4,000. It is understood that the house was bought by Prof. Rice in the interest of the Pennsylvania Delta Chapter of the Sigma Alpha Epsilon fraternity and that they will make arrangements to use it as a chapter house. The fraternity for a number of years has had rooms on the third floor of the Star and Sentinel Building on Baltimore Street. A recent ruling of the board of trustees of the college allows two members to sleep in each of the fraternity houses and the arrangement of the building bought this morning would allow several private rooms on the second floor, while the remainder of the house can be readily adapted to the uses of the chapter. The residence has been built for only a comparatively short time and this, with its desirable location, makes the purchase a rather advantageous one for the college boys. The chapter intends to make this a temporary home, their ultimate plan being to erect a thoroughly modern house on the college campus for which they were given permission at a recent meeting of the trustees.

Changes at the Gettysburg post office effective April 1st will add materially to the effectiveness of the force under Postmaster Duncan, providing the means necessary to handle properly the large amount of business now being done every day. An additional clerk is allowed by the ruling of the Department and F. Mark Bream will be transferred from the city carrier force. He will be assigned to the general delivery and stamp window. Charles Bowers, at present parcel post delivery man, will take Mr. Bream's place on the city carrier force and Raymond Lents, son of J. A. Lents, Chambersburg street, will have charge of the parcel post dept. Mr. Lents stood first on the certified list of eligibles who passed the Civil Service test.

The home of Mr. and Mrs. Ridinger, West Middle street, was the scene of a very pleasant surprise party Tuesday evening for the daughter, Maybelle Ridinger. Those present were Miss Mary Hollinger, Miss Madeline Kissinger, Miss Katherine Deardoff, Myrtle Stauffer, Jennie Hollinger, Elsie Tawney, Maybelle Weaver, Mildred and Helen Deardoff, Anna Gilbert, Mary Kissinger, Ellen Tipton, Leroy Ridinger, Katherine Ridinger, Martha Ridinger.

Dr. T. J. Barkley, pastor of Trinity Reformed Church, completed a record on Sunday which few clergymen can duplicate. He has been actively engaged in the Christian ministry for fifty-four years and during that entire time has not missed a single Communion service. Thirty-one years of this time have been spent in Gettysburg during which both congregation and Sunday School have gone steadily forward. Dr. Barkley's first year here was under discouraging circumstances, many members of the congregation dying so that as he expressed it "it seemed that he had come here to bury them all." This condition, of course, did not continue and there was one year of his pastorate in which not a single death occurred among his members.

John M. Raymond this morning tendered to J. L. Rust, president of the town council, his

## Today's Talk

### BE YOURSELF

There isn't a single one among us who doesn't have something that no one else has in the same way. We should be proud of our inheritance, no matter what it may be. It may be small, but it can be enlarged!

Charles Lamb, the great English essayist, had little in material wealth, but he had an abundance of himself. It is said of him that few men had his independence of mind, and the gift of quaint and original expression. Heaped no one. He was an institution within himself, and a beloved one at that. "By virtue of being himself," he lives in all that he wrote, so that in reading him today, one, in fact, reads his own life.

By a careful analysis of ourselves we learn about our outstanding abilities and talents. By developing these we can well stand alone, becoming a personality, and asserting ownership of all that we are and possess. We can then be ourselves, borrowing from no one!

Those whom we admire most are those who are most themselves. We are born with certain characteristics. We ought to hold to them, and make them more and more outstanding. It's the you of you that attracts people and makes of you a friend. All the great personalities, however, are not the famous ones. Many of them are your friends whom you meet from day to day. The ones who are always themselves.

The interesting personality is always a radiating one—in manner, speech, and even in writing. I have a friend who writes as interesting and original constructed letters as he does his famous books. It's because he is always himself. Be yourself and people will continually hunt you out!

When we look upon other people as separate entities, and not like our automobiles, mass produced, then we give to each an accurate appraisal. And they see us something unique. It is a compliment to us when we praise, or admire, qualities in others. What we should look forward to every day of our lives is a better I.

### JOYOUS PILFERING

She had a jar of cookies. On a lower shelf it stood; And the morning that she made them they were very good. But she had no little children to come running from the street. And in time a lot were wasted which, alone, she couldn't eat.

She had a box of candy, which she never had to hide. Since no child was there to pilfer, though she left it open wide. She could turn her back upon it for an hour or for a day. And no single piece would vanish in the time she'd been away.

If no piece of pie is taken from the lower pantry shelf; If the cake stays on the platter till you eat it up yourself; And if safe are all the cookies and the candy that you own, It means the home is empty and you're living there alone.

### St. John's Lutheran

An anthem was sung by the Junior Choir at the Sunday worship service in St. John's Lutheran Church. The Rev. William C. Karns, pastor, read the Scriptures from Hebrews and John and presented the sermon on the subject "What About Sin and Forgiveness?" George Trump, Walter Yingling, Wallace Gullickson and Kenneth Shambrook served as ushers. The altar flowers were placed in honor of the 90th birthday of Mrs. Samuel D. King by Mr. and Mrs. George Cool.

The Church Council will hold its April session at the church on this evening at 7:30. The Wednesday schedule will include: 6:45 p.m., Junior Choir rehearsal; 7:30 p.m., old fashioned hymn sing at the midweek Lenten service with meditation by the pastor on one of the Pilgrim Psalms; 8:30 p.m., Senior Choir rehearsal; 8:30 p.m., monthly meeting of the Lutheran Church Women at the church, with Mrs. Kenneth W. Miller as leader. The Christian Homemakers Class will meet at 7:30 p.m. on Thursday at the church.

## ARMY OFFICE BEING MOVED

The Army Mutual Security Directorate and the U.S. Army Supply and Maintenance Command (SMC) catalogue data of file, located at the Brooklyn Army Terminal, N. Y., will be relocated to the New Cumberland Army Depot, beginning July 1, according to an announcement by the Department of the Army.

Approximately 310 civilians and six military personnel will be affected by the transfer of the two activities and their administrative data processing and support functions. Col. Victor L. Cary, commander of the New Cumberland Army Depot, said the transfer will be completed as soon as possible after July 1.

The New Cumberland Depot was selected as the new site for these activities on the basis of cost and other factors according to the army announcement. Relocation is necessitated by the closing of the Brooklyn Army Terminal, which is scheduled for January, 1967.

The Army Mutual Security Directorate controls and directs requisitioning and movement of army materials worldwide. The SMC data office supports the army participation in the federal catalogue program.

All employees affected by the move will be offered an opportunity to transfer with their functions. Those who do not elect to transfer will be offered all possible assistance in locating employment in the metropolitan New York area, the announcement added.

## 2 MILK BILLS INTRODUCED

HARRISBURG (AP)—The house turned its attention to the milk business in Pennsylvania on three different fronts Monday—including the state investigation of the industry.

Two significant bills were introduced.

One measure, introduced by three Democrats and a Republican, would remove restrictions from farms selling directly to consumers.

It would strike out the two-gallon limit now imposed on milk sales by farmers and also would eliminate a high deposit on farmers' jugs.

Another bill also was introduced in the house with bipartisan support to make it unlawful for any cooperative to offer discounts, rebates or price adjustments to any milk dealer.

The question of rebates is the center of an extensive state investigation now as the Justice Department and Milk Control Commission look into published reports of kickbacks between producers and dealers in Western Pennsylvania. The Legislature also is preparing to conduct its own investigation into the situation.

## Would Outlaw Pa. Insurance "Gravy"

HARRISBURG (AP)—House Republicans are making another attempt to outlaw by statute the so-called "insurance gravy train"—dispensing state insurance commission to politically favored brokers.

A bill was introduced in the House Monday with minority leader Kenneth B. Lee as one of its sponsors that would eliminate the practice under law and abolish the \$15,000-a-year job of broker of record, now held by former Sen. M. Harvey Taylor.

Gov. Scranton already has eliminated the practice through executive order, channeling commissions instead to the state's higher education assistance fund.

Republican sponsors of the bill explained that, since there is no guarantee the next governor will follow suit, they introduced the proposal to make it mandatory by law.

## BILLY CASPER IS DOING WELL

PALM BEACH GARDENS, Fla. (AP)—Billy Casper has fattened his bank account considerably with unofficial tournament winnings.

Casper is ranked second on the Professional Golfers' Association list of top 10 money winners with \$20,896. However, this is only about half of his total winnings so far this season.

Casper has won another \$20,106 in tournaments not sponsored by the PGA for total earnings of \$41,004.

Doug Sanders heads the list with official money of \$29,157 and unofficial earnings of \$3,357 for a total of \$32,514.

Bob Charles is third with total earnings of \$19,298. Sam Snead won \$18,100 and Bruce Devlin \$16,352.

## Viet Nam Bonus Bill Is Offered

HARRISBURG (AP)—There's a new veterans bonus under consideration by the senate—the Viet Nam bonus.

Sen. Clarence D. Bell, R-Delaware, and two others proposed a constitutional amendment Monday to have the state sell \$50 million in bonds to finance the proposed Viet Nam bonus fund.

However, the legislation specifically requires that before the state can issue the bonds, the general assembly must provide for tax revenue to cover the costs of amortization.

Since the bill is a constitutional amendment, it must be approved by two successively elected legislatures and then the people in a referendum. This means it can not go on the ballot before 1967.

## GENE SARAZEN OFFERS SOME SUGGESTIONS

By MURRAY ROSE

Associated Press Sports Writer  
AUGUSTA, Ga. (AP)—Gene Sarazen is high on Jack Nicklaus to win the 30th Masters Golf Tournament starting Thursday but he feels the husky blond bomber, four-time winner Arnie Palmer and the other elite of the game have an unfair advantage over the rest of the field.

"They get the best caddies," said the 63-year-old Squire of Germantown, N.Y., who won the second Masters in 1934 with his famous double eagle. "The caddies can make a big difference."

"Only five per cent of the caddies today know the difference between a driver and a four iron," said the veteran, who came out of the bag-carrying ranks to fame and fortune. "The good ones go to the top players like Nicklaus, Palmer, Topy, Lema and Sam Snead."

SHOULD PERMIT CARTS

"The way to equalize it would be to have the caddies just as a service. They would not be permitted to give advice."

Sarazen also suggested that the game should be mechanized to help speed up play.

"Golf carts should be permitted in the tournaments," said Sarazen. "You've got to keep up with the times and keep the game from lagging. You can still use caddies for the other functions."

"HAS EVERYTHING"

As for Nicklaus, winner of the Masters in 1963 and sharer of second money behind Palmer last year, Sarazen said, "He has everything to win on this long course. He drives farther, hits his irons better and puts better than anyone else."

Sarazen saw the Columbus, Ohio, clouter fire some of his superb rounds over the par 36-36—72, 6,980-yard water-soaked course last week. Nicklaus had rounds of 68, 69, 68, 67.

Nicklaus is a 4-1 choice to top a field of invited stars including 56 leading pros and 16 top amateurs from the United States and 21 foreign luminaries in the four-day, 72-hole prestige tournament.

## Warriors Start Baseball Play Wednesday At Delone; Five Lettermen On Squad

Gettysburg High School, defending Adams County Baseball League champion, will open its 1965 season with Delone in a nonleague game Wednesday afternoon at McSherrystown.

Prospects for another good season are bright with five key lettermen back on the squad.

Among the veterans back are Seniors, Tony Bushey, second base, a consistent hitter; Richard Fiacel, shortstop; Gary Herring, first baseman and pitcher, the "power" hitter on the squad, and William Starnes, outfielder. Junior, Mike Herring, one of the league's leading pitchers and utility man.

### PROMISING CANDIDATES

Practices have been very limited due to inclement weather and the poor playing condition of the field and as a result Coach Don Young has not yet been able to make a true appraisal of many of his candidates. However, he expects the following to be leading candidates: Seniors, Tom Weikert, outfield, and Maury Robert, catcher; Juniors, William Quinn, catcher; Craig Smith, pitcher; Charley Raffensperger, catcher; Sophomores, Larry White, utility.

Additional candidates are Seniors, Scott Cook; Juniors, Terry Helwig, Donald McCans, Larry Shindedecker, Craig Stoner, Jerry Wisotzky; Sophomores, David Bream, Tim Fazenbaker, John Flynn, Kenneth Gebhart, William Hartman, John Heiser, Scott Moorhead, William Musselman, Jim Ritchie, Andrew Teeter; Freshmen, "Butch" Alberts, Dean Bushey and Mike Varian.

The schedule:

## MSM DEFEATS BALTIMORE 5-1

Mt. St. Mary's opened its season auspiciously Monday afternoon by defeating the University of Baltimore 5-1 in a Mason-Dixon Conference game at Baltimore.

The Mountaineers pounded out 12 hits while Tom Kober, winning pitcher, and John DeVita scattered eight hits to the Bees. Baltimore scored its lone run off DeVita in the eighth inning.

Don Baubles led the Mount with three hits, scored three runs and batted in another.

Jim Phelan's Mountaineers were scheduled to play at Towson State today.

## 2 BIG GAMES TONIGHT IN NHL

By THE ASSOCIATED PRESS  
Gump Worsley, whose finest hour in National Hockey League goalies pads was ruined by Toronto's Red Kelly three years ago, will be the Montreal Canadiens' man of the hour tonight—thanks to a left-handed assist by the same Mr. Kelly.

It's the last bit of help the Gumper can expect from the red-tatched parliamentarian or his Maple Leaf playmates.

Worsley will be the Montreal goalie tonight when the Canadiens and Leafs reopen their Stanley Cup war on Toronto ice. The chubby veteran replaces regular Charlie Hodge, who suffered a painful groin injury when hit by a Kelly shot during the Canadiens' 3-1 second-game victory at Montreal last Saturday night.

Montreal takes a 2-0 advantage over the defending Cup champions into the third game of the best-of-7 semifinal playoff series. Thursday night's fourth game also will be played at Toronto and the Leafs will be satisfied with nothing less than a home-ice sweep.

The Chicago Black Hawks are in the same spot tonight as they open a two-game home stand against the high-flying Detroit Red Wings. The Wings, surprise winners of the regular-season NHL title, have taken the first two games of the semifinal set at Detroit.

Michigan State sophomore pitcher Dick Litwiler is coached by his father, Danny, former major league outfielder.

## New Cardinal Manager Has Only One Aim—Win Again

By JACK HAND

Associated Press Sports Writer  
ST. PETERSBURG, Fla. (AP) — Red Schoendienst summed up his problems as

freshman manager of the world champion St. Louis Cardinals in seven words:

"I have only one worry — win again."

Red grinned when he said it, but he knew it was no joking matter. The only way Schoendienst could top Johnny Keane's heroics of last year would be to win the pennant again and then sweep the World Series in four straight, instead of seven games.

BETTER THAN '64  
Keane left Card owner Gusie Busch without a brewmaster when he quit the day after the Series and became manager of

the New York Yankees. Busch quickly turned to Schoendienst to take over as manager.

Schoendienst and the entire Cardinals organization insist the 1965 club is better than the squad that went into the 1964 season. The trade that brought Lou Brock from the Chicago Cubs in midseason, the maturing of Tim McCarver and Mike Shannon, the added pitching of Bob Purkey and Tracy Stallard and the bench insurance of first baseman-outfielder Tito Francona are cited as reasons for the improvement.

A crippling injury to a Bill White, Ken Boyer, Dick Groat or McCarver could be deadly. But you can say the same about any of the six clubs that figure to be in the race.

FORMIDABLE OUTFIELD  
White at first, Julian Javier at second, Groat at short and Boyer at third form an all-star infield for the Cards. Brock in left, Curt Flood in center and Shannon in right form a formidable outfield.

McCarver's broken finger threw the camp into a panic but Bob Uecker has filled in capably. The Cards hope to have McCarver back for the opener. At present he can hit but can't throw.

Francona, ex-Cleveland Indian, provides protection at first and in the outfield. Dal Maxvill, who filled in for the injured Javier in the Series; Jerry Buchek and possibly Phil Gagliano back up the regulars. Bob Skinner, Carl Warwick and Franco are the outfield reserves.

ON THE MOUND  
Bob Gibson, Curt Simmons and Purkey, acquired from Cincinnati in the trade for Roger Craig and Charlie James, will do most of the starting early in the year. Ray Sadeck, slow to round into form after winning 20 last year, eventually will take his turn. Stallard, the ex-Met, will be used to start and relieve.

Barney Schultz, Ron Taylor are the bullpen bulwarks. Ray Washburn, a sore arm case in recent years, has looked both good and bad.

Delone lumped four of its six hits for three runs in the fourth with Junie Reese and Dave Knox each poling one-run doubles.

Biglerville's next game will be with Littlestown at Biglerville on April 13 when the Adams County League starts play.

Delone will entertain Gettysburg Wednesday at McSherrystown.

## To Honor Writers And Broadcasters

SALISBURY, N.C. (AP) —

Writers and broadcasters from 44 states and a number of special guests gather tonight for the presentation of awards to the nation's outstanding sportscaster and sports writer.

Seventy-nine national and state awards will be made at the sixth annual dinner of the National Sportscasters and Sports Writers Award Program.

Winners in each field were determined by a nationwide poll of 7,000 sports writers and sportscasters.

"We play them one game at a time," says Red Auerbach, Boston Celtics' coach.

Those are the general sentiments as the teams meet here tonight in the second game of the National Basketball Association's Eastern Division final playoffs.

Chamberlain said last Sunday's game, which the Celtics won handily at Boston, was "the worst I've seen us look in a long time." He added:

"We're going to come back, sure, but we can't do it standing around."

Chamberlain was supposed to duel Boston's Bill Russell, one-on-one, Sunday. Instead, he found K.C. Jones dropping off on one side and either Willie Naulls or Tom Sanders sagging from the other.

"They dropped off quite a few men on me in that game," said Chamberlain. "They talk about the way Russell plays defense, but the guy that really hurt us was K.C. Jones."

Auerbach had praise for the 76ers.

"You don't go by one game," he said. "I know what they can do. We surprised them with some facets of the game (last Sunday). We won't surprise 'em again."

The Celtics won the opening game of the best-of-7 series with some help from Tom Heinsohn.

"I had a lot of injuries this year," Heinsohn said. "I'm just about getting into shape now."

During the regular season, he had a 13.6 point average per game, well below his 19.2 lifetime mark. On Sunday he

## DEFENDER OF MINORITIES, RIGHTS, DIES

PHILADELPHIA (AP) — Thomas D. McBride, an attorney who was a staunch defender of minority and constitutional rights, and who served Pennsylvania as attorney general and state Supreme Court justice, has died at the age of 62.

A heart attack felled the noted lawyer who in his years in courts, defended all types, from corporation men to Communists.

McBride had been ill for some time and had recently been discharged from a hospital. His condition grew suddenly worse Sunday at his apartment. Oxygen was administered as he was taken to a hospital, where he died shortly after admission.

**HAD HEART SURGERY**  
His physician, who ordered McBride to the hospital, said that 12 years ago the lawyer underwent "closed heart" surgery to correct a rheumatic heart. He had apparently made an excellent recovery until Sunday's reverse.

McBride was noted for his respect for the constitutional rights of any accused. Just last week he criticized President Johnson for allegedly prejudicing the rights of four Ku Klux Klansmen arrested in the slaying of a woman civil rights worker in Alabama.

McBride was also a vocal supporter of a proposed bar association proposal to restrict pre-trial crime news to protect the accused's right to an unbiased trial.

As an example of how he worked for the rights and dignity of minority groups, he filed the suit that led to the court ban on blackface in the 1964 mummings' parade.

Democratic Gov. George M. Leader appointed McBride as state attorney general in 1956. In 1958 Leader elevated him to the supreme court.

At the next election McBride sought to win a 21-year term on the high court, but the Democratic organization instead slated Judge Michael J. Eagen. McBride backed the organization but lost in the primary. It was his only try for elective office.

McBride blamed this setback

## IRS Will Allow 'Hardship' Debts

WASHINGTON (AP) — The Internal Revenue Service says arrangements can be made for those who face undue hardship if they cannot pay their income tax in full on April 15.

In a special announcement, however, the IRS attached two conditions:

— That the taxpayer must prove he would encounter "undue hardship, as distinguished from mere inconvenience."

— That interest at 6 per cent will be charged on the unpaid portion.

The IRS said all taxpayers must submit their returns by the April 15 deadline to avoid severe penalties under the law.

**KOENIGSWINTER, Germany (AP)** — Britain's Patrick Gordon Walker urged the United States Sunday to exert pressure on the North Atlantic Treaty Organization "to help us decide how we can have a greater share in the alliance's nuclear strategy."

The former foreign minister said the alliance will collapse if the United States withdraws from problems connected with it.

on his prosecution, while attorney general, of the Pennsylvania Turnpike scandals.

**DEFENDED REDS**  
McBride served as chancellor of the Philadelphia Bar, and chairman of its judiciary committee. He also served as president of Philadelphia's Voluntary Lawyers Association.

Because of his conviction that all accused should have counsel, he was named the lawyer for eight of the nine Communist leaders tried here in 1953 on Smith Act charges. The five-month trial ended with conviction of all nine, but that verdict was later reversed by the U.S. Supreme Court in ruling on another case.

**RITES THURSDAY**  
McBride was educated in Philadelphia schools, including the University of Pennsylvania Law School. He was admitted to the practice of law in 1927.

Survivors include his widow, a son, Thomas J., two daughters, Mary L. and Gertrude Eaton, a sister and a grandchild.

A solemn requiem mass will be sung Thursday morning.

## Foundation Gives \$500,000 To Center

WASHINGTON (AP) — The Joseph P. Kennedy Jr. foundation has announced a \$500,000 grant to the John F. Kennedy Center for the Performing Arts. The center is to be the only Washington memorial to the late president. Some \$661,000 still must be raised by public subscription by June 30 if the center is to get a congressional appropriation of \$15.5 million.

The foundation was named for the late president's brother, a Navy pilot killed on a World War II mission.

## SCOTT URGES PROBE OF KKK

WASHINGTON (AP) — Sen. Hugh Scott, R-Pa., urged Sen. Democratic leader Mike Mansfield, D-Mont., today to sponsor legislation for a Senate investigation of the Ku Klux Klan.

Scott made public a letter to Mansfield in which he said "it is urgent for a Senate committee to investigate the Ku Klux Klan's record of violence, disorder, conspiracy and murder."

An investigation by the House un-American activities committee has already been announced.

Scott told Mansfield "one of our greatest handicaps in combating Klan activities has been our limited knowledge of their methods and strategy. Until we have a clearer picture of the organizational structure, financial resources, and tactics of these terrorizers of the highways and byways of the south, I do not see how we can formulate legislation, such as that recently suggested by the President, which will effectively bring the Klan under the control of the law."

"The President has indicated his support and that of the Justice Department for investigations of the Klan by Congress, and I believe that it is incumbent upon us to act without further delay. I therefore urge you, as the majority leader of the Senate, to introduce a resolution to effectuate such an investigation."

## Chaplins' Scorn Indigent Son, 18

LONDON (AP) — Arriving in London Sunday night, Charlie Chaplin and his wife turned a cold shoulder on their eldest son, Michael, 18; his wife, 25-year-old actress Pay Johns, and their child.

Mrs. Chaplin told newsmen her son "should get a job and go to work."

It was learned last week that Michael's family is receiving \$28 a week in national assistance, although the elder Chaplin is a multimillionaire.

## Queen's Husband Confined By Role

LONDON (AP) — Prince Philip says there are a lot of things he would like to do, including going to a pub or a local movie, but can't because of his role as husband of Britain's Queen Elizabeth II.

"But on the other hand, I've got a lot of advantages which compensate for it," Philip told a British radio audience Sunday.

## A Lovelier You

By MARY SUE MILLER

A lovely writes: I have lost 10 pounds and several inches in my middle by following instructions

given in your column. I am pleased and grateful. Now what I want to know is a sure way to keep my figure.

The answer comes in four parts:

1. Keep watching those calories. To maintain ideal weight, the estimated daily count is between 2,100 and 2,250 calories for moderately active women of average height. The count is adjusted, slightly up or down, according to stature and activity. It always trends downward after the middle years.

Not incidentally, weight control offers more than a trim figure. It is a happy fact that your prettiest weight is also your healthiest weight. And that makes calorie

## Pope Says Conflict 'Grave, Sad Page'

ROME (AP) — Pope Paul VI called the gospel for passion "a grave and sad page because it narrates the conflict, the clash between Jesus and the Hebrew people."

He said in a Lenten service Sunday the Jews were "a people predestined to await the Messiah but who, just at the right moment, not only did not recognize Him but fought Him, abused him and finally killed Him."

counting doubly worth your while. 2. Keep an eye on your scale. It is a reliable guide to the count that best suits you. If you gain as much as two pounds in a month, cut back your calorie intake.

3. Eat for beauty. The beauty nutrients—proteins and vitamins—are tonic to the tone of your figure, skin and hair, to the overall you.

4. Guard against spot fat. Here's the safety measure: Raise on tiptoe, bend knees and touch hips to heels; touch fingers to floor by bending from hips; arms stretched over head, bend from side to side. Repeat 10 times.

**LAZY GIRL'S EXERCISE**

Here's an effortless way to trim off heavy spots. All you do is lie down or sit down, and flex your muscles. If that's for you, send for LAZY GIRL'S EXERCISES. Based on the isometric principle of exercise, routines trim head-to-toe figure. ADVERTISE IN THE TIMES

## SAYS GOP IS FAR FROM DEAD

LAKE HARMONY, Pa. (AP) — The Republican Party is "far from being dead," says Rep. Joseph McDade of Scranton.

"After November, people were ready to write the obituary for the party (but) I see living, breathing and ready-to-fight Republicans — and I know these people are wrong," McDade added.

The Scranton Republican spoke Saturday night at a conference of Young Republicans in Region II, including Pennsylvania, New York, New Jersey and Delaware.

Earlier, the Young Republicans heard state GOP chairman Craig Truax urge that the party continue to build through "innovations, hard work, vision and a practical approach to politics."

He said the Young Republicans already are "three to four times as strong as Democratic organizations on college campuses."

The group named Lois Lycett, 21, of Washington, Pa., and Pittsburgh as "Miss Young Republican," to represent the region in competition at the national convention in Miami June 14.

## Unsolicited Data On Klan Threats, Other Activities Pour Into U.S. Committee

WASHINGTON (AP) — Rep. Edwin E. Willis says unsolicited information has been pouring in for the congressional investigation of the Ku Klux Klan.

The Louisiana Democrat is chairman of the House Committee on Un-American Activities which announced the probe last week.

Willis, interviewed on the CBS radio and television program "Face the Nation," said much of the help is in the form of letters from businessmen who offer to detail their experience with Klan threats.

Willis said the investigation — launched after President Johnson called the Klan "a hooded society of bigots" — will be divided into three phases.

**HEARINGS SOON**

The first, now under way, is the gathering of facts. It will be followed by hearings and then drafting of legislation.

Other legislation also is in the offing.

In an interview with The Associated Press, Atty. Gen. Nicholas Katzenbach said he hopes to have his proposals ready for the President within two weeks.

The attorney general said he expects them to be aimed at giving the federal government jurisdiction over the sort of activities attributed to the Klan.

In other weekend developments concerning the Klan:

— The Americans for Democratic Action went on record in opposition to the probe by the Committee on Un-American Activities.

— Mrs. C.L. Wilkins of Birmingham accused President Johnson of prejudicing the trial of her son, one of four Klan members accused in the Alabama slaying of Viola Liuzzo, 39, a civil rights worker from Detroit.

**SEES "REVOLUTION"**

She wrote Johnson that his announcement of the arrests of Collier Wilkins and three other Klan members made it impossible for a fair trial. She said the four "were branded guilty before the nation by the President of the United States."

— Robert Shelton of Tuscaloosa, Ala., imperial wizard of the Klan, predicted that "soon we are going to have revolution in this country."

Speaking Sunday night to more than 2,000 persons near Morganton, N.C., he said the Civil Rights Act of 1964 was supposed to halt street demonstrators and move their grievances to the courts. "But it has not been so," he declared.

**Purdy Says Public Rights Are Violated**

ERIE, Pa. (AP)—Col. E. Wilson Purdy, the state police commissioner, says recent U.S. Supreme Court decisions in the field of criminal law "are violating the civil rights of the general public by not protecting the law abiding citizen from the criminal elements today."

Purdy, here for a speaking engagement, told a newsman Monday that "unfortunately, it seems that too many cases in too many courts are no longer tried on the basis of evidence but by the use of legal gymnastics."

"Each justice," he said, "should ride in a patrol car once or twice a week on a Friday or Saturday night in a busy downtown section of a large city. Then, the law and law enforcement would be real to him."

## MACHINES FAIL TO MEET NEED FOR ARTISANS

By SAM DAWSON

AP Business News Analyst  
NEW YORK (AP) — Skilled labor shortages aren't all in the highly publicized space age industries. Nor are all the time-hallowed hand skills being made obsolete by mechanization.

There's a side to the employment picture other than the swift invasion of automation.

Many firms hunt overseas for the trained craftsmen they need to continue production for which there is a steady demand — and, as yet anyway, no machine to take over man's role.

**KEY IS MAN**  
Diamond cutters use precise tools, and have for many years. But the key to the production is the worker himself — not the tool.

Cabinetmakers are in demand — and in short supply — in parts of the furniture and wood-working industries where manual skills are needed more than machine tools.

Pine crystal is still the handwork of craftsmen despite the onslaught of the machine age.

Some fabrics still call for hand-tended looms, and some clothing and upholstery and like products need skilled hand workmanship.

America's wine growers, brandy makers, whisky distillers still hire workers with ancient hand arts, despite the newer mechanical techniques of mass production they also employ.

**NEED TOP CHEFS**  
Older countries still furnish many of this nation's top chefs and others in the food industry.

Cabinetmakers trained for fine hand work are so scarce in this country that some companies periodically recruit young workers in Western Europe, where the skill has been handed down in families for generations.

In this country, too, many such cabinet workers are the sons or grandsons of workers who brought this skill here to fashion the finest of furniture, or to use in other forms of woodworking for which there is still a sizable market. Some employers are hoping that the government's new training programs will help fill in the shortages.

Employment pride of accomplishment is essential to quality production in these fields and often the precise skills were refined centuries ago in the European guild system.

## City To Dedicate Monument To FDR

WASHINGTON (AP) — Washington's first monument to Franklin D. Roosevelt will be dedicated next Monday, the 20th anniversary of his death.

A simple marble block will be placed on what Roosevelt once described as "that green plot in front of the archives building." It is located on Pennsylvania Avenue midway between the White House and the Capitol.

## TV SHAVE AD HOAXED PUBLIC

WASHINGTON (AP) — The Supreme Court ruled Monday Colgate-Palmolive Co. deceived the public with television commercials using a faked "sandpaper" test of Palmolive shave cream.

Chief Justice Earl Warren delivered the majority decision. Justice John M. Harlan dissented in part, with Justice Potter Stewart joining him.

In the commercials, a surface supposed to represent sandpaper was covered with shaving cream, then shaved clean with a single razor stroke. Actually the demonstration did not use sandpaper, but a simulated mockup of sand and Plexiglass.

**UPHELD FTC ORDER**  
Warren said the court upheld a Federal Trade Commission order against the Colgate commercial.

The chief justice noted arguments had been made that the order might be too broad. He said, as to this, that anyone doubtful as to a future course could ask the commission to give them definitive advice.

In the Colgate case, Warren said, the company had produced three different commercials using "the same deceptive practice."

"This we believe gave the commission sufficient basis for believing that the respondents would be inclined to use similar commercials with respect to other products they advertise," Warren said.

**BROAD ORDER**  
"We think it reasonable for the commission to frame its order broadly enough to prevent respondents from engaging in similarly illegal practices in future advertisements."

Harlan, joined by Stewart in dissenting, said he did not agree that the use of mockups by a TV advertiser is, of itself, a deceptive practice. Harlan said, further, that he did not think the record in today's case justified the broad order issued by the commission.

Harlan asserted: "It seems to me that the proper legal test in cases of this

## BOYLE'S Grab Bag

NEW YORK (AP) — Comedians are among the world's most lonely people.

Sitting in an oversized robe in his dressing room after the show, the fat little man with the potato dumping face explained why.

"I like being Buddy Hackett," he said, "but when I'm alone I'm nobody. That's the trouble with being a comic. You can't feel any self-identity until somebody else shows up."

Fate began to fit Buddy into his life pattern at the age of 5 when his kindergarten teacher bawled him out for chewing gum.

**TEACHER PROBLEMS**

"What's the difference between chewing gum and a train?" Buddy asked, and before the teacher could reply he gave the answer himself:

"Train says choo choo, teacher says don't chew."

The class laughed — and the pudgy lad then and there abandoned his plans to grow up and become president of the United States.

In the 35 years since then, Buddy has improved upon his jokes to the point where he is one of the highest-paid comedians and best ad libbers in the nation.

**SELF-TAUGHT ACTOR**

But he worked as a truck driver, lumber salesman and

kind concerns not what goes on in the broadcasting studio, but whether what is shown on the television screen is an accurate representation of the advertised product and of the claims made for it."

Warren said.

## BOYCOTT OF ALABAMA TO BE PROMOTED

By DON MCKEE  
ATLANTA, Ga. (AP) — Dr. Martin Luther King Jr. predicted today that a planned boycott of Alabama will produce action toward removing racial inequities despite a temporary bitterness and alienation of people.

King said in an interview that a three-stage economic withdrawal was necessary in order to bring hostility and discrimination into the open in Alabama and force the white citizens to deal with these factors.

Answering criticism from various sources, King said the boycott would not cause more harm than good to the civil rights cause.

### KING CONFIDENT

"It will do just what critics think it won't," he said.

The boycott was announced last week after King met with the executive board of the Southern Christian Leadership Conference which he heads. The economic withdrawal is part of an Alabama civil rights drive, centering on Negro voting, now in its 12th week.

King said he hoped the threat of the boycott alone would produce the desired results. But he said that before calling off the boycott, he would want commitments on voting rights and other issues from Gov. George C. Wallace and Alabama's political leadership.

## County Youth Is Charged With Theft

A Gettysburg R. 5, youth, charged with larceny and receiving stolen goods, has been released on \$500 bail for a hearing before Justice of the Peace Dayne E. Garrett, Hanover.

Neil Kessel, co-owner of the Kess Shop, Hanover, reported to police that a car and air cleaner were stolen from a 1964 Ford auto parked at the body shop for repairs. Harold D. Trivitt, 19, is accused of the theft. He was picked up Saturday at 12:45 p.m. and taken before Justice of the Peace Garrett where the formal charge was lodged by Hanover police and the arresting officer, Thomas Carbaugh, Cone-wago Township police chief.

## Two Hurt When Auto Hits Tree

Two 17-year-old girls were slightly injured when the automobile in which they were riding crashed into a tree a mile west of Spring Grove at 6:10 p.m. Sunday.

State police of the York detail said Miss Margaret M. Miller, Hanover R. 4, the driver, suffered shock and Miss Anna Lawrence, 528 Main St., McSherrystown, a passenger, suffered abrasions of both legs. Both were treated at the Hanover General Hospital and released.

The car, police reported, was traveling east on Route 116, ran onto the berm and then into the tree. The police said damage to the car was estimated at \$2,000.

## 3 GET AWAY WITH \$62,000

PHILADELPHIA (AP) — Two robbers slugged a jewelry store owner in his North Philadelphia store Monday and escaped with loot valued at \$62,000.

Miss Anastasia Libez, 27, an employee, told police the two men entered and posed as customers, then asked to see the owner.

When Burny, Sack, 37, came to the sales room to meet them, one of the men pulled out a revolver and said, "Keep quiet, or I'll blast you."

"Don't hurt us," Sack said, "What do you want us to do?"

The men forced him and Miss Libez to lie on the floor of a back room while they scooped up \$12,000 cash, diamonds valued at \$30,000 and \$20,000 in negotiable U. S. Treasury bonds. One of the men slugged Sack with the gun butt.

Police said the men ripped out the telephone and fled with their loot in a suitcase stolen from the store, to a waiting car parked outside with a third man at the wheel.

## Armed Patrolmen On Night Subways

NEW YORK (AP) — An armed patrolman on every train during high-crime night hours is the new weapon in the city's drive to rid the subways of terror and attacks by muggers and hoodlums.

"The hoodlums and toughs who prey on innocent people are going to be taught a lesson — a lesson they need," Mayor Robert F. Wagner said Monday night in a televised speech announcing the emergency program.

The mayor ordered 1,200 men into the campaign. He said one or more policemen also would patrol each of the subway system's 480 stations between 8 p.m. and 4 a.m. He described these hours as the key "trouble period."

## INFORMER LIST GROWS YEARLY TO ASSIST IRS

By ADREN COOPER

WASHINGTON (AP) — Some 100,000 informers help the Internal Revenue Service each year by providing tips on people who haven't paid their taxes.

The IRS says many do so "from patriotic motivation or civic duty." A few get paid for it.

The number of persons providing such tips has grown steadily.

An IRS spokesman said the service doesn't solicit income tax tips but merely evaluates those that come in and follows them up if an investigation seems warranted. He noted that the FBI and other law enforcement agencies use informers routinely.

### ONE IN TEN PROBED

Only one out of every 10 tips results in even a preliminary investigation.

In the fiscal year which ended last June 30, the service collected \$18.1 million as a result of tips compared with \$12.7 million in the previous year.

The IRS paid \$565,000 to 822 informers last year.

It has accepted tips for many years although the practice has been criticized by those who contend the informers are seeking revenge or perhaps are merely envious of a wealthy neighbor or employer.

A Congress member who heard from some of his constituents on the subject asked the service for an explanation.

### FEW MAKE CLAIMS

A recently prepared memorandum from the IRS said:

"It is important to note that the number of persons who volunteer information and make no claim for reward is 20 times as great as the number who do claim rewards. It is reasonable to assume, too, that many of those who do not claim a reward, are impelled to furnish information from patriotic motivation or civic duty."

"On the basis of these factors, it seems questionable that the elimination of rewards will eliminate informing."

The IRS figures indicated that about 95,000 persons offered tips in fiscal 1964.

One IRS practice may deter quite a few would-be tipsters: Whenever a tip is received, the IRS investigates the informer as well as the tip.

## Police Probe Fatal Shooting Of Boy

MECHANICSBURG, Pa. (AP) — State Police are continuing their investigation into the fatal shooting of a 12-year-old boy who was struck by an apparent stray bullet as he played baseball in a neighbor's yard.

The victim, Ralph Z. McLaughlin, was shot above the left eye Sunday and died four hours later at Harrisburg Hospital.

The shooting occurred in Monroe Twp., near this Cumberland County borough.

Cpl. Grant Mixell said it appeared to be an accident, but would not comment further. A ballistics test was planned for the bullet.

WASHINGTON (AP) — W. A. (Tony) Boyle, president of the United Mine Union, says proposed increases in residual oil imports threatened to undermine the coal industry.

Boyle, in a letter made public Monday, said the coal industry pays out more than \$1 billion a year in wages in the Appalachian states and this is absolutely essential for economic rehabilitation in the area.

Frank Thomas hit .294 for the Phillies in 39 games last fall after being traded from the Mets.

## Second Drowning In Three Days

ABINGTON, Pa. (AP) — John Carfray, 3, of Ardsley, drowned in a swimming pool Monday after he crawled under a fence to get to it.

A neighbor's son told the boy's mother that the youngster was in a pool. Her screams alerted the boy's father, Harry, 43, and brother, James, 18, who raced to his aid.

James leaped over the four-foot-high fence, pulled young John from the water and applied artificial respiration until police arrived with oxygen equipment. But the child was pronounced dead at Abington Memorial Hospital.

Another child two-year-old Daniel Snyder of Levittown, drowned in a neighbor's pool Saturday, after climbing over a six-foot-high fence.

Cardinal pitchers Curt Simmons and Ray Sadecki won four games each from the Phils last season.

## News In Review

**FAME AFTER 50 YEARS**  
World War I Wrecked Reputations;  
Was An Ignored Turk Era's One Genius?

WORLD WAR I is a half-century in the past. It is astounding that so few great reputations have emerged from that crucible of world conflict.

Our President Woodrow Wilson deserves more historical credit than he has received. Any statue of England's Lloyd George will have feet of clay, no matter what rare marble or metal an artist may use.

Georges Clemenceau, whose role in history you had perhaps forgotten, was premier of France. His own postwar memoirs were intended to give him a claim to statesmanship and fame. That claim has been ignored.

Italy's Vittorio Orlando, a greedy negotiator and a compromiser with fascism, is a more forgotten man than Clemenceau.

With forthright integrity, young Winston Churchill declared history would be kind to him "because I am going to write it myself." In political eclipse, he did write voluminously after 1920. This kindness to himself notwithstanding, many historians continue to blame him for the Gallipoli disasters.

As first lord of the admiralty (secretary of the navy), it was indeed young Churchill's idea that entrance to the Black Sea, for flow of munitions to Russia, could be easily forced by joint sea and land action.

**FIFTY YEARS AGO** this spring, Britain was losing great battleships and lesser war craft in the Straits. The French and British Empire landing forces were pinned down in narrow beachheads. Casualties were mounting. Each day Constantinople (modern Istanbul) appeared to be moving farther away.

It was never captured. The straits remained sealed. Russia folded. Young Churchill did, indeed, have much to explain.

At first, the credit for Turkey's victory was given to a German general, Liman von Sanders. Enver Pasha, the Turkish premier, did designate von Sanders commander of the field forces. But it is now the verdict of history that the battles were won by a bold, conspiratorial, politically-oriented, military genius named Mustafa Kemal.

He emerged from the chaos of defeat as Kemal Pasha; became leader of a new nationalism in Asia Minor with the self-assigned mission of salvaging Turkey as a nation from the chaos of defeat and dismemberment by the allied victors.

Worse yet, the Allies gave Greece a blank check on Turkish resources and boundaries, so long as access to and from the Black Sea was kept open.

**KEMAL'S** Nationalist Army promptly trounced all Greek aggressions. France and England were too war weary to take up the cudgels for Greek avarice. Kemal played upon the natural jealousies of the victors.

**How To Hold FALSE TEETH**  
More Firmly In Place

Do your false teeth annoy and embarrass you when you eat, laugh or talk? Just sprinkle a little **FASTEETH** on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, sticky, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get **FASTEETH** today at drug counters everywhere.

He emerged with a strong postwar Turkey under a constitution and republican form of government. His reforms within the new republic, his inauguration of individual rights and freedoms hitherto undreamed in the erstwhile sultanate astounded the world.

His sweep toward education for the masses and overnight modernization of the thinking and attitudes of an entire people were recognized as the work of a true statesman years prior to his death in 1938.

His people proclaimed and entitled him to be Atatürk, "Father of Turkey."

Could it be that this Mustafa Kemal has emerged as the most notable leader of men in battle and the greatest benefactor to his people in peace to be produced in the era of World War I?

If we ignore Winston Churchill, the greatest single name in this century, but to whom World War I gave a greater burden of discredit than otherwise, the answer is yes.

With their fanatic adoration for Lenin, and traditional distrust of Turkey and all things Turkish, it is not likely that Moscovite historians will agree. Nevertheless, Kemal's already great claim to worldwide fame was again documented last week by the publication of "Atatürk: A Biography of Mustafa Kemal, Father of Modern Turkey" — Morrow & Co., \$7.50.

The author is Scotland's Lord Kinross, long recognized as an authoritative author and student of the Middle East.

It is a thick book, but the narrative moves rapidly. There is so much to tell. Far from being an Alger-like hero, Atatürk's appetites are as notorious as his achievements in battle and statesmanship are famous.

When he died, a feminine admirer said: "Turkey has lost her lover and must now settle down with her husband." It was a widely held opinion, Lord Kinross insists.

It is a magnificent and informative biography.

### Maple Producers Hold Annual Fete

MEYERSDALE, Pa. (AP) — The 18th annual Somerset County Maple Festival turned out to be the largest ever.

Queen Janet Smith, a Somerset High School student, and King W. H. Wable, a Fort Hill R. 1 maple producer, presided over the three-day event which featured three parades Saturday and another Sunday.

### Acting DPI Head Is Hospitalized

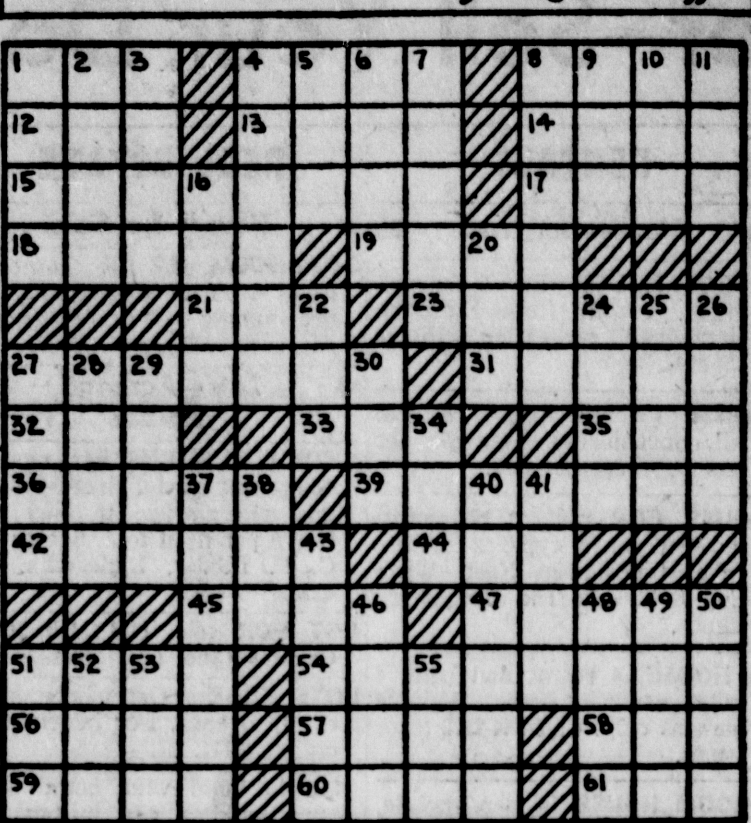

SOMERSET, Pa. (AP) — George Hoffman, acting state superintendent of public instruction, was in Somerset Community Hospital Monday. His condition was not disclosed.

Hoffman's physician said he became ill at his home in nearby Sippsville Saturday. Tests were being made.

### BLIND FISH

HARRISBURG (AP) — The blind would fish for free in Pennsylvania under new legislation now before the house. A bill introduced Monday with bipartisan support that would exempt all blind Pennsylvanians from the state's \$5 residence fee.

## 'OSCAR' SHOW HAS SUSPENSE AND GLAMOUR

By CYNTHIA LOWRY

AP Television-Radio Writer

NEW YORK (AP) — Hollywood's annual spring rite — awarding gold-plated statuettes to its motion picture toppers — may not be the ideal television program but what it lacks in format and pace, it makes up in glamor, variety and suspense.

For two and one-half hours on ABC Monday night the television audience was turned into a body of star-gazers. When Bob Hope's jokes ran thin or when the Oscars were being passed out to winners in some technical category, there were always the women's dresses and hairdos to look at.

There was, however, considerable built-in drama to Monday night's awards.

### HIGH MOMENT

There was a high moment when Audrey Hepburn, who was not nominated for an award, came forward to present the Oscar for the best performance by an actor to her "My Fair Lady" co-star, Rex Harrison. It was followed immediately by the top actress award to Julie Andrews who had been passed over for the movie role she had created in the stage version of "My Fair Lady" but who was honored for her acting in "Mary Poppins." The award to "My Fair Lady" as the best film of the year was almost anticlimax.

The program, far too long, ran along quite briskly this year. Some extraneous entertainment could have been eliminated.

### NBC TAKES LEAD

The most recent national Nielsen ratings, for the two-week period ending March 21, for the second time in a row put NBC in the lead in what is still a tight three-way race for audience popularity. NBC's average rating for the period was 21.1, followed by CBS with 19.7 and ABC with 18.6.

Top 10 programs, as listed by Nielsen, were Bonanza, a Danny Thomas special, Gomer Pyle, Bewitched, the Walt Disney Show, the Fugitive, Peyton Place (Thursday nights), the Lucy Show, the Andy Griffith Show and Beverly Hillsbillies, in that order.

Recommended tonight: "Terror in the Streets," NBC, 10-11 (EST) — one of the "White Paper" series dealing with the prevalence of crime and violence.

## Queen Sends Plane To Meet Windsors

PARIS (AP) — The Duke and Duchess of Windsor, reconciled with Britain's royal family after 29 years, have arrived in Paris from London on one of Queen Elizabeth's private planes.

They were met in Paris by a British Embassy limousine, which took them to their suburban home. The duke, the former King Edward VIII, recently underwent eye operations.

The program, far too long, ran along quite briskly this year. Some extraneous entertainment could have been eliminated.

### Camp Hill Man Takes State Post

## WILL REVIEW DECISION ON RR MUSEUM

By DAVE LEHERR

Associated Press Writer

HARRISBURG, (AP) — The State Historical and Museum Commission, bowing to pressure from the House, agreed today to review its decision selecting Strasburg over Altoona for the new Pennsylvania Railroad Museum.

"We will take up the matter at our next meeting April 29," said S. K. Stevens, executive director of the commission. "But I'm not saying we will change our decision."

The House turned in an overwhelming vote Monday in favor of a resolution denouncing the choice of Strasburg, Lancaster County, over Altoona and Mount Union, the third site under consideration.

### URGE ALTOONA

"Building the railroad museum outside of Altoona is like building a steel museum in Philadelphia or a coal museum in Chambersburg or moving the Gettysburg battlefield to Erie," declared Rep. William W. Wilt, R-Blair, in leading floor debate.

The resolution, approved 146-51, calls on the commission to withdraw its original recommendation and make Altoona, located in Blair County, the site for the half-million dollar museum.

"All I will say is that we will review the decision according to their wishes," Stevens said. He declined to say whether another vote would be taken.

Altoona received only one vote in the original balloting. Strasburg picked up four, and Mount Union finished with three.

### OPPOSING ARGUMENTS

The Lancaster County delegation in the House led the opposition to the proposal, claiming "the greater number of people will be able to avail themselves of a museum in Strasburg."

The proponents of the resolution were quick to point out that Lancaster County already has many of the state's museums and tourist sites and that a railroad museum in Altoona would help bolster what is now classified as an economically depressed area.

## KATZENBACH IS PLEASED WITH RACE CHANGE

WASHINGTON (AP) — Atty. Gen. Nicholas Katzenbach says he thinks there has been a tremendous change in the racial climate throughout the nation.

"Certainly there has been a lot of change in the South," he said in an interview. "I think most people in the South see the inevitability of the future and accept it."

Does he foresee a "long, hot summer" on the racial front?

"I think whether there are difficulties this coming summer will depend to a large extent on how well the mayors of the bigger cities, which have the biggest problems, move to meet these problems and to anticipate them — and how much we in the federal government can do to help such efforts," said the attorney general.

### HAVE PROBLEMS

"Most communities with sizable Negro populations have education problems, housing problems and unemployment problems. If government at the local level and the state level, as well as the federal level, does not move to do something about these problems, then I think one could say the chance of difficulties would be much greater than if it does."
